ANJINI NANDINA

+91 8520847378 | anjininandina2004@gmail.com

EDUCATION

Gandhi Institute of Technology and Management	Hyderabad, India
Computer science and Engineering; current GPA: **7.07**	2022 – Present
Sri Chaitanya Junior College	Andhra Pradesh, India
Intermediate education, Percentage: 90	2020 – 2022

TECHNICAL SKILLS

Languages: Python, C, Java
Databases: Oracle SQL
Libraries worked: TensorFlow, OpenCV, Pytorch, Keras, Pandas, Plotly, YOLO
Certifications: Intro to Java for Beginners from **UDEMY,** Coursera coursers etc...
Soft Skills: Problem Solving, Teamwork, Creativity, Negotiation, Communication Skills

EXPERIENCE

Prodigy Cyber Security Internship

- At Prodigy Infotech, we are committed to enhancing cybersecurity and protecting user data, we had done some minor projects under the guidance of some skilful mentors.
- the **Password Complexity Checker**, evaluates password strength based on various criteria like length, uppercase and lowercase letters, numbers, and special characters. This tool provides real-time feedback to help users create strong, secure passwords, improving overall security across platforms.
- We've developed a **Basic keylogger program** designed specifically for educational purposes and ethical testing. This tool captures and logs keystrokes to help in understanding security vulnerabilities and improving systems.
- **Basic Packet Sniffer Tool,** designed to capture and analyze network packets. This tool displays essential information such as source and destination IP addresses, protocols, and payload data, aiding in network monitoring and security analysis.
- A simple yet effective **Image Encryption Tool** that leverages pixel manipulation to protect your visual data. Our tool allows you to encrypt and decrypt images, ensuring privacy and security.

Predicting House Prices with Regression using Tensor-flow

- Designed and implemented a regression model using TensorFlow to predict house prices based on key features.
- Utilized feature engineering and model evaluation techniques to optimize performance.

ACTIVITIES

Gusto Tournament	March 2024
- Throwball Player	

Games Leadership
Clubs: NSS, Cricket club (marketing)
